

Chairman's Message

Following the extraordinary success of last year's event, which netted in excess of **\$475,000** for local kids, it is a privilege, on behalf of my wonderful committee, to host the **23rd Annual Seminole Region Charity Golf Tournament** at Boca West Country Club. It is the 19th year that the Club has hosted the event, and once again the Members of Boca West have graciously donated the use of their Club for virtually two full days. The committee is greatly appreciative to the members and Board of Governors for their generosity.

Many of the club industry's leading corporate partners continue to support our event without hesitation. But none more so than the following who have generously supported us year after year with **\$35,000** or more in cash and donations: Byron Russell, CEO of **Cheney Bros, Inc.**; John Abreu, CEO of **Sysco Southeast Florida**; David Werning, President of **John Deere Golf**; Benny Ofer of **Daniel Events**; and Tom White and Mark Raiger of **Republic National Distributing Company**. Our event could not take place without the continuous commitment from partners such as these and every year their contributions inspire others to come on board with our fundraising efforts!

As ever, the singular objective of this event is to make a dramatic difference in the lives of thousands of local children through our beneficiaries, **Special Olympics of Palm Beach County**, the **S.O.S. Children's Village of Florida**, the **U.S. Marines' Toys for Tots for Palm Beach County**, **The George Snow Scholarship Fund** and this year, the **Unicorn Children's Foundation**. Every year it is our goal to exceed the previous year in our effort to continue being a special part in the lives of these children! To that end, you will enjoy what is renowned as one of the most extraordinary events on the social calendar in a county where first-class is customary!

We look forward to welcoming you and thank you for your support of this magnificent charity event for the children.

Warmest wishes,

Jay DiPietro, CCM
Tournament Chairman

CMAA & Seminole Region Charity Golf

Established in 1927, the Club Managers Association of America (CMAA) is the oldest, most respected Association representing the club management profession. CMAA's 7,000 members operate over 4,000 country, golf, tennis, city, athletic, faculty, yacht, beach, town, social, and military clubs. CMAA is represented by Chapters in all 50 states and has a presence on 30 university and college campuses. CMAA's mission is to fulfill its members' education and professional development needs, and to assist clubs, through the manager, to secure the utmost in successful operations.

Continuous progress in Florida has resulted in the Chapter winning the coveted title of "Chapter of the Year" three times in the past five years, and it has won the prestigious "Excellence in Education" award for the past three years.

Through the "Clubs Collecting for Communities" initiative, CMAA promotes community activity in all 50 Chapters. In the Florida Chapter, which comprises 11 percent of CMAA, all five regions hold annual charity golf tournaments. The Seminole Region (Vero to the Keys) is the largest, and the event is its finest testimony.

It began in 1991, when the two CMAA Chapters in Florida merged to become one, with five regions. The project for a Charity Golf Tournament in the Seminole Region was the brainchild of a group, including the event's patriarch, Jay DiPietro, CCM, President and General Manager of Boca West Country Club.

Perennial Chairman DiPietro saw increasing momentum for the event develop from his vision and infectious leadership, which led to the strategic decision by a dynamic Committee to award proceeds only to local-community children's organizations.

Consequently, some of the club industry's leading corporate partners, such as Cheney Brothers, Inc. and Sysco, dramatically elevated their commitment. Their lead inspired others to step up, including John Deere Golf, Daniel Events and Republic National Distributing Company.

Last year's collective effort at Boca West pushed the total amount raised for kids by the Seminole Region Club Managers' tournament past the \$4.475 million mark.

Our History of Giving

Special Olympics provides year-round sports training and athletic competition for persons eight years of age and older with mental disabilities, giving them continuing opportunities to develop physical fitness, demonstrate courage, experience joy, and participate in a sharing of gifts, skills, and friendship with their families, other Special Olympic athletes and the community. It costs Special Olympics Palm Beach County approximately \$120,000 per year to operate the program. The Seminole Region Charity Golf Tournament has contributed approximately **\$2.025 million** to Special Olympics Palm Beach County and continues to raise funds for this worthy cause.

The U.S. Marine Corps Reserve Toys for Tots Program has distributed over 257,000,000 toys to 127,000,000 needy children throughout the nation. The Seminole Region Charity Golf Tournament has donated over **\$575,000** worth of toys to the U.S. Marine Corps Reserve Toys for Tots Campaign in Palm Beach County and \$125,000 to the 4th ANGLICO Marine Birthday Ball.

SOS Children's Villages – Florida (SOS), makes it possible for abused, abandoned and severely neglected children to experience the meaning of home and family. In the village, children are assured caring parents, brothers and sisters, and a place they can call home. Located on an eight-acre cul-de-sac in Coconut Creek, on the border of Broward and Palm Beach counties, the village features 11 single-family homes, a community center, counseling center and administrative buildings. The Seminole Region Charity Golf Tournament has donated nearly **\$1.6 million** to help support the children who call SOS home.

A Boca Raton-based 501(c) 3 Public Charity, the George Snow Scholarship fund provides educational grants to some of the areas brightest and most deserving young scholars. These four-year commitments are designed to bridge the gap between financial aid and what the scholars can afford. The Seminole Region Charity Golf Tournament has contributed **\$75,000** to this great cause.

The Unicorn Children's Foundation provides leadership, education and resources to illuminate a new perspective of individuals with neurodiversity as uniquely talented and capable who can be productive and fulfilled members of society. In August 2013, the Foundation will open the doors to Unicorn Village Academy, an innovative high school in west Boca Raton that will allow youth who think, communicate and learn differently to develop life-long personal, social, and career skills based on their own strengths, interests, and preferences. The Seminole Region Charity Golf Tournament is looking forward to working with this great foundation in its efforts toward achieving its goals.
