Seventy + children live in Coconut Creek Florida and call SOS home. SOS children have spent most of their young lives in the foster care system. They require intensive support services in order to heal emotionally and physically to catch up educationally and to overcome obstacles facing their future. Support services for these children are essential, as they need special help in dealing with their emotions, deficiencies in school, social skills, behavior and independent living preparation. Here are some of the programs your donations fund:

The State provides the bare minimum of care (i.e. food, clothing and shelter). Sponsorship donations have gone for additional expenses like individual and group **Mental Health Counseling, Behavioral Step System** program, **Medical Services, Tutoring, and Children's extra-curricular activities.**

Holiday Toy Drive –

Each year the Charity Golf Tournament Committee, our families and invited sponsors go shopping for toys. Our children pick out the toys they think those less fortunate would enjoy most, learning philanthropy at a young age. On average, we spend between \$50,000 and \$65,000 on toys which are separated and distributed by age and gender to children's homes all over South Florida.
