Energy Generators

A collection of approximately ten incandescent light bulbs is scattered on a dark, textured wooden surface. One bulb in the upper right quadrant is illuminated, casting a warm, yellow glow. The other bulbs are unlit. The background is a dark wood grain. On the right side of the image, there is a large, stylized graphic element consisting of several parallel, slanted lines that create a sense of depth and movement, resembling a large arrow or a series of steps pointing towards the right.

REFLECTION

World

A roller coaster train filled with people is shown at the peak of a drop. The train is white with black seats and is moving along a red track. The people are cheering and raising their hands. The background is a clear blue sky. The roller coaster's steel structure is visible in the foreground and background. Overlaid on the image is the text "OS!M" in large, bold, red, 3D-style letters with a black outline. The letters are slightly tilted and appear to be floating in the air.

OS!M

NOT do something is because the idea
scares you...

That's the reason to do it.

The first time I went down that run, I was going too fast, and I realized I'd just made the biggest mistake of my life...

When I got to the bottom I couldn't wait to get back up and do it again."
