“Helping Kids with Cancer”

The Children’s Hospital Cancer Fund • Lee Memorial Health System Foundation

When finished in the Spring of 2017, the new Golisano Children’s Hospital of Southwest Florida will be seven stories tall and have 128 private rooms. The hospital will also have an outpatient hematology/oncology unit, pediatric pharmacy, MRI, diagnostic unit, pediatric emergency department, family lounges, playrooms and an outdoor play area. The hospital is being built largely with help from community donors. Total cost is \$205 million. Philanthropy will offset \$100 million of that. By supporting the CMAA Charity Classic you and your company are helping children with cancer or blood disorders under Barbara’s Friends – Golisano Children’s Hospital Cancer Fund. Barbara’s Friends helps fund programs, services, equipment and the best in medical care for children in our community so no child will have to leave home for treatment.

Lee Memorial Health Systems Foundation’s state registration number is CHI4406. A copy of the official registration and financial information may be obtained from the Division of Consumer Services by calling toll-free \*800-435-7152 within the state.

Florida Gulf Coast University Hospitality Program- The CMAA

The Charity Classic will offer scholarships to qualified students attending Florida Gulf Coast University who are registered in the Resort and Hospitality Program with a desire to pursue a career in private clubs. The hospitality program offers a comprehensive Resort & Hospitality Management program. The curriculum, developed by academic and industry leaders, is uniquely focused on the essential knowledge needed to manage the complex operations of multi-million dollar resort and private club properties.

Youth Haven

Youth Haven offers a safe harbor for traumatized abused, neglected, and homeless children. Numerous community sources refer children for shelter at Youth Haven including child protective services, courts, families needing respite, or even the children themselves. However, the solution to their problems is not simply providing temporary shelter. It is providing youth with the resources they need to improve their resiliency so that they may grow into happy, healthy, productive adults.

The solution also requires providing intervention to families who simply may not have the skills to successfully parent the child. Finally, the solution includes helping the child find a safe and secure connection with their family or a responsible, caring adult. Youth Haven provides these solutions through programs that create a circle of support, producing real and lasting change for children, families and the community.
