Member Educational Event Participation:

Member participation at our Educational Events has been growing at record levels this past year. For instance, at April's training session, featuring Dan O'Connor, on how to use power phrases and verbal patterns to deliver "Stellar Customer Service," 53 of you attended. Special thanks to the Ocean Club of Florida for hosting that event.

May's session, featured Theo Gilbert-Jamison who focused her presentation on the "Role of Leadership," and 74 of you attended. Special thanks to May's host Broken Sound Club.

Finally, at July's event, featuring Scott Garvis, CEO of Dale Carnegie of South Florida, and whose presentation focused on the "Attitude of Service," a final tally totaled 87 members in attendance! Thank you to Hillsboro Club that hosted the event.

Committees:

We will be soliciting soon for Seminole Region Committee Chairs and member volunteers. Committees act in an advisory capacity and, as such, provide valuable input to the Board of Directors on matters relating to their area of focus which ultimately influences Association policy. Participation is encouraged.

Upcoming Events:

We are pleased to announce the 2015 Seminole Region Member/Member Golf Tournament, scheduled for Thursday, October 8, 2015, at the Loxahatchee Club. Please save the date while further details unfold.

Also, please mark your calendars for Seminole's next training session scheduled for Friday, October 23, to be held at Gulf Stream Golf Club in Delray Beach, Florida. Greg Giesen, an award-winning author, leadership coach, trainer and one of the most sought after speakers in the country, will speak to us on "Leading From Within," the importance of leading our lives from a place of purpose and passion.

We look forward to seeing you soon.

Sincerely,

Larry and Steve
